

Portobello High School Survey 2011

In autumn 2011 Portobello Community Council carried out a survey to find out the community's views on Portobello and in what ways it could be improved. Anticipating that few responses from under 16s would be received, Portobello High School was asked to circulate the survey to pupils. 167 responses were received and these have been collated separately from the main survey. The most frequently suggested improvements raised by pupils were:
